By now in New York City. There's snow on the ground.  
                                 Em A7                      D - D7  
And out in California. The sunshines' falling down.  
                                 G                      A7                      D - Bm  
And maybe down in Memphis, Graceland's all in lights.  
                                 Em                      A7                      D  
And in Atlanta, Georgia, there's peace on earth tonight.

[CHORUS]

D                      G                      A7                      D - Bm  
Christmas in Dixie, its snowing in the pines.  
                                 Em A7                      D  
Merry Christmas from Dixie to everyone tonight.

D                      Em A7                      Dma7  
Its windy in Chicago. The kids are out of school.  
                                 Em                      A7                      Dma7 - D7  
There's magic in Motown. The city's on the move.  
                                 G                      A7                      D - Bm  
In Jackson, Mississippi to Charlotte, Caroline.  
                                 Em                      A7                      D  
And all across the Nation, its a peaceful Christmas time.

[CHORUS]

D                      G                      A7                      D - Bm  
Christmas in Dixie, its snowing in the pines.  
                                 Em A7                      D  
Merry Christmas from Dixie, to everyone tonight.  
                                 Em                      A7                      D  
And from Fort Payne, Alabama..Merry Christmas tonight.
